NOBODY BUT JIMNY

Choosing a 4x4 just got a lot easier.

Because nobody but Jimny offers such a superbly balanced combination of authentic off-road ruggedness and light, nimble, maneuverability. What's more, the new 5-door model gives you expanded carrying capacity and truly comfortable seating for four adults.

ALLGR

PP

4WD WITH LOW-RANGE TRANSFER GEAR

Part-time 4WD allows switching between 4WD, for optimal off-road performance, and 2WD for better Fuel Economy. The 4WD low-range transfer gear provides extra torque in the 4L mode.

FUNCTIONAL EVOLUTION

Like a wild animal, every element of the Jimny's body design has evolved to achieve the goal of functional perfection. It's purpose-built to help you survive in the wild and help you get the job done.

ICONIC 5-SLOT FRONT GRILLE AND ROUND HEADLAMPS

Jimny's off-road heritage is evident in its iconic round headlamps and signature 5-slot front grille with chrome accents on the 5-door model.

OPTIMIZED BUMPER DESIGN

Moulded front and rear bumpers made from black material feature an optimized design for ample approach and departure angle clearances for driving in rough terrain.

LED HEADLAMPS WITH WASHERS

GLX grade models feature LED projector headlamps equipped with individual washers to help ensure optimal illumination even when driving in mud and sand.

IP
RO

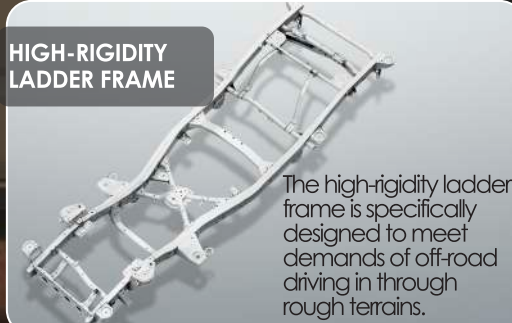

Jimny's ALL GRIP PRO 4WD system lets you handle all kinds of terrain. In 2WD Mode, it provides smooth, quiet, fuel-efficient power for driving on paved roads. In 4WD mode, it offers you a choice of high-range and low-range transfer gears. High-range 4WD provides additional traction for driving on dirt or gravel trails, while low-range 4WD delivers maximum traction and torque for traversing soft sand and mud or steep, rocky terrain.

3-LINK RIGID AXLE SUSPENSION AND COIL SPRING

The suspension system features a rugged 3-link design, with rigid front and rear axles and heavy duty coil springs on all four wheels.

HIGH-RIGIDITY LADDER FRAME

The high-rigidity ladder frame is specifically designed to meet demands of off-road driving in through rough terrains.

THREE ANGLES

The Jimny can climb over obstacles and steep hills without scraping its bumper or underbody thanks to an ample approach angle of 36°; ramp breakover angle of 24°; departure angle of 47°; and minimum ground clearance of 210mm.

INTERIOR

ON COURSE FOR ADVENTURE

Jimny's ergonomically designed cockpit and dashboard instrumentation provide ready access to essential controls and vehicle information when you navigate through rough terrain. Horizontal lines defined by the instrument panel, and vertical lines characterized by the meter cluster and center console panels, help the driver recognize the angle of the vehicle in rough and mountainous terrain.

ensure bright
dirt.

FRONT CONSOLE BOX

Conveniently positioned switches in the front console box allow the driver to control rear seat power windows.

USB AND ACCESSORY SOCKETS

A 12V accessory socket, and a USB socket to allow connection to the audio system.

UTILITY

COMFORTABLE SEATING FOR 4 ADULTS

The rear seats have thick cushioning like the front seats, and an optimized design to ensure everyone on board enjoys exploring the wilderness in comfort.

PRACTICALITY IN EVERY DIMENSION

With its highly practical cabin design and comfortable seating, Jimny provides you with the space you and your passenger need to enjoy every off-road adventure.

PRACTICAL AND VERSATILE LUGGAGE AREA

The ample luggage space offered by the 5-door Jimny can be further expanded by folding the rear seat backs, allowing you to carry bulky items and additional supplies for extended expeditions.

REAR POWER SOCKET

A power socket in the rear left corner provides easy access to power from the vehicle, it is also equipped with a side-mounted lamp that provides illumination when you need it the most.

AS TOUGH AS THEY COME

Even in the mountains, forest, and sand dunes, the roadholding capability you need to take on

HILL HOLD CONTROL

This feature prevents the vehicle from rolling backward for approximately two seconds to give you time to move your foot from the brake pedal to the accelerator pedal.

SAFETY

ALWAYS ON GUARD

In town and in the country, you'll enjoy peace of mind knowing that you, your passengers and your vehicle are protected by a full range of safety features.

Multi-point injection

1.5 PETROL ENGINE

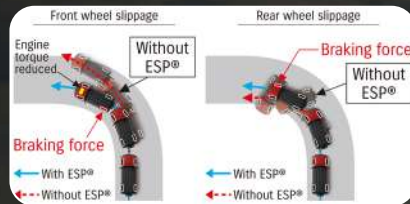

The Jimny features a proven 1.5 liter engine, tuned for high-torque off-road driving and fuel efficiency

SRS AIRBAGS

Jimny is equipped with full complement* of SRS airbags, including front and side airbags for the driver and front passenger, and side curtain airbags for occupants of both the front and rear seats.

*Illustration of inflated airbags is approximate. Side and side curtain airbags available on GLX variant only.

ELECTRONIC STABILITY PROGRAMME*

ESP technology helps you control the vehicle during cornering, and assists you in maintaining traction when accelerating on loose or slippery road surfaces. If wheel slip is detected, the ESP system automatically regulates engine torque and selectively applies the brakes to help you maintain control.

es, Jimny has the power, handling stability and the most challenging and demanding terrain.

4AT

The 4-speed automatic transmission is matched with the engine with refined transmission components that reduce friction and enhance fuel efficiency.

REAR PARKING SENSOR

Ultrasonic sensors in the rear bumper detect obstacles when reversing, and an audible beeping sound warns the driver as you approach the obstacle.

REVERSE CAMERA

The audio unit displays the view captured by the reverse camera, helping to enhance rear-view visibility when moving the vehicle in reverse.

HILL DESCENT CONTROL

When going downhill, this feature automatically applies the brakes as needed to maintain a fixed speed, allowing you to focus on steering and obstacle avoidance as you descend.

INJURY MITIGATION BODY FOR PEDESTRIAN SAFETY

For added peace of mind, Jimny's front bumper, fenders, bonnet, and other front-end components are designed to absorb impact and help mitigate pedestrian head and leg injuries in the event of a collision.
